and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either was, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children like it. You can feel this take hold of a cough tr cold in a way that means business. The cough may be dry, hoarse and tight, or muy be persatently loose from the formation of phiegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will ston it—usually in 24 hours or less. Splendid, too, for bromehial asthma, hoarseness, or any ordinary throat ailment.
